Technical Skills

Languages: Python, C++, C, Java, TypeScript, PHP, SQL

Frameworks & Libraries: React.js, Tailwind CSS, React Router v7, Laravel, Spring Boot

Databases & Cloud: PostgreSQL, MySQL, AWS

Tools & Methodologies: Git, Linux, Postman, Figma

Projects

ReClaim (Frontend & UI/UX Lead) | *React.js, React Router v7, Laravel, Tailwind CSS*

- Designed a high-fidelity UI/UX prototype in Figma, establishing a modern, responsive design system and typography scale optimized for a seamless campus user experience.
- Engineered the frontend architecture using React.js and React Router v7, implementing dynamic client-side routing, role-based views, and fluid state management.
- Integrated complex Laravel backend REST APIs with the frontend, handling asynchronous data fetching, error boundaries, and state synchronization for real-time item reporting and filtering.

Education

University of the Philippines Mindanao

Bachelor of Science in Computer Science

Mintal, Davao City

- **Relevant Coursework:** Web-based System Development (JavaScript, PHP), Computer Programming I (C), Object-Oriented Programming(C++ & Java), Discrete Mathematical Structures I & II
